

PARENT TIME

(Especially for baby
& toddler parents)

Have you ever been in a situation where you're thinking to yourself: I've so got this. No problem. It's all under control. Then, out of the blue, one kid starts puking while the other throws himself on the ground over the fact that he wanted a Spiderman sticker and got Batman? Well, maybe nothing that extreme has happened (yet), but we've all been in situations that have spiraled completely out of our control.

What we forget is that we never really had control in the first place. God did. God does. God's got it. The creator of the universe cares about you and me, and He's got it. He has the power to be involved in every aspect of our lives. He loves us and wants to help us. Isn't that cool? Even in the craziness called parenting, God's got it.
